

T10Y  
DigiHeal

TabletPC  
for healthcare

The **T10Y** Tablet PC is specifically designed for the healthcare market: resistance and ease of use for true mobile usage, resistance to most common hospital disinfectants, 4,5hr battery autonomy, battery easy to recharge and swap, comprehensive communication coupled with state of the art security, tracking tools and picture capture

### **Flexible Battery Supply**

- long power supply with 2 batteries up to 4,5 hours
- hot swappable, easy to charge on the docking station

### **Smart Display**

- automatic screen orientation
- automatic brightness adjustment

### **Comprehensive complète**

- Bluetooth
- Wifi 802.11 a/b/g/n – with state of the art security
- 3G module option

### **Integrated Tracking**

- RFID and barcode readers,

### **Image capture**

- easy photo shoot, camera in the back

### **Ruggedness for healthcare usage**

- water / dust resistance IP54
- resistance to alcohol, chlorine and most common hospital disinfectants
- drop 3 feet
